Everything Channel Announces the Winners of the Print & Imaging Summit Innovation Awards**Top Office and Production Print Executives Recognize the Latest Product Innovations**

Framingham, MA, December 10, 2008 — Everything Channel's Print & Imaging Summit, a division of United Business Media, today announced the winners of the Print & Imaging Summit Innovation Awards. The Print & Imaging Summit took place December 3-5 at the Hyatt Regency Coconut Point Resort in Bonita Springs, Florida. The Summit brought together print decision makers with leading technology providers to build management and investment strategies.

"Print & Imaging Summit is the premier 'go to' event for the office print and production print community and the only industry event that offers an unprecedented opportunity to explore this increasingly mission-critical next-generation technology growth area," said Nancy Hammervik, Vice President, Everything Channel Events. "Winning a Print & Imaging Summit Innovation Award is one of the most significant indicators of the outstanding technology innovation and market initiatives happening throughout the print community. Congratulations to all of the winners."

The Summit offers a uniquely interactive forum designed to create strategic connections between corporate print buyers -- who are often isolated within their organizations -- with their peers and future technology partners. This year, the Summit focused on print management and investment strategies for the 21st century and covered how to help office and production print executives take the critical leap forward in technology expertise required to remain relevant and valuable to their rapidly transforming organizations.

The Print & Imaging Summit Innovation Awards are the only industry awards voted on solely by the attending print executives. The award winners are as follows:

- Best Hardware Solution: Ricoh Americas Corporation
- Best Software Solution: Pharos Systems International, Inc.
- Best Service Solution: PathForward, a Standard Register BU
- Best Presentation: PathForward, a Standard Register BU
- Most Innovative Solution: COPI – CodeZ QR
- Best of Show: Pharos Systems International, Inc.
